Amniotic fluid, concentrate as activator of peritoneal immunity, 171
Ampulla of Vater, Pancreatic fistula, case with intubation of Wirsung's duct, 57
Anesthesia, Local, in fractures, 444; and blood lipids, 677; local, Accidents of, with experimental study of toxicity of various anesthetics, 951
Anesthetic, Improved, technique for general surgery, 236; Local, producing prolonged analgesia, elimination of pain after rectal operations, 590
Ankle joint, Malunited fractures affecting, with special reference to 22 cases treated by arthrodesis, 79
Antrum, Surgical approach to nasal accessory sinuses, 524
Aortic arch, Anomalous right subclavian artery, its practical significance, with report of 3 cases, 708
Apparatus, fracture, Fundamentals versus gadgets in treatment of fractures, 276
Appendix, vermiform, Mechanism of—potential "closed-loop," ed. 1020
Arm, Fundamentals versus gadgets in treatment of fractures, 276; Clinical aspects of fibrosarcoma of tissues of extremities, 1010
Artery, brachial, Ischemic contracture, 358; carotid, subclavian, Anomalous right subclavian, its practical significance, with report of 3 cases, 708
Arthritis, Undulant (malta) fever osteomyelitis and, 759
Ashhurst, Astley P. C., 645
Asthma, Résumé of 100 transantro-ethmosphenoid operations, 509
Astrocytoma, Occurrence of different types of brain tumors in one patient, 757
Atmospheric contaminations, Silicosis and its control, 464
Automobile accident, Airway and highway first aid stations, 446; Application of fixed traction for transportation of patients with fractures, ed. 643
Axilla, Carcinoma of breast, survival for 24 years with local recurrences and metastases in opposite breast and axilla, 91

BED sores, Tannic acid and silver nitrate in burns, 458
Bile, Studies of gall-bladder function. XIII. Composition of gall-bladder, and calculi in gall-bladder disease, 933
Bile duct, common, Conditions necessitating surgery following cholecystectomy, analysis of 66 cases and discussion of certain technical problems concerned in removal of gall bladder and in operations upon, 191
Biliary ducts, Diagnosis and treatment of stones in common bile duct, 347; Cholangiography, modified technique for X-ray visualization of bile ducts during operation, 684
Biliary system, Effects of removal of functioning gall bladder, 811
Biliary tract, Evacuation of gall bladder in old age, 34; Effect of viosterol in jaundice, cor. 254
Biological mind, Surgeon's debt to fundamental science, ed. 769
Bladder, Relation of chronic cervicitis to infection of urinary tract, 85; Syphilis of, 93; incontinence, Orthopedic considerations in treatment of spina bifida, 218; Experimental study of uretero-intestinal implantation. I. Cause of peritonitis, 909
Blood lipids, Anesthesia and, 677
Blood pressure, Surgery in its relation to hypertension, 314; Medical problem and management in essential hypertension, 332; Intravenous use of hypertonic glucose in obstetrics and gynecology, experimental and clinical study, 781
Blood vessels, Surgery in its relation to hypertension, 314; Medical problem and management in essential hypertension, 332; Ischemic contracture, 358
Bone, On different forms of non-generalized fibrous osteodystrophy; localized, diffuse monostotic, unilateral and monomelic form, 541; Healing process in tuberculous spondylitis, histopathological case study, 665; Paget's disease (osteitis deformans) and osteoporosis similarity of the two conditions as shown by familial background and glucose tolerance studies, 815; long, Longitudinal overgrowth of, with special reference to fractures, 823; Course of single myeloma of, report of 20 cases, 918; Ewing's sarcoma (endothelial myeloma), case report with necropsy, 969; long, Skeletal traction and countertraction methods, used in ordinary extension splints in treatment of fractures of, 1000.
Bone growth, Causes of non-union, and regeneration, 427

Bone tumors, ed. 120; Pathological fractures due to malignant disease, 735; Hyperthyroidism associated with malignant tumors of the thyroid gland, 995
Brain, Review, clinical and pathological, of parahypophyseal lesions, 1, 158; Cerebral injuries due to external trauma, 340
Brain tumors, Occurrence of different types of, in one patient, 757
Breast, Carcinoma of, survival for 24 years with local recurrences and metastases in opposite, and axilla, 91; Relation of chronic mastitis to certain hormones of ovary and pituitary and to coincident gynecological lesions, 129, 562; Value of radiation therapy in treatment of carcinoma of, critical analysis of published statistics, 653; Gentle handling of cancer, ed., 1022
Brucella melitensis, Undulant (malta) fever osteomyelitis and arthritis, 759
Burns, Tannic acid and silver nitrate in, 458

CALCULUS, Diagnosis and treatment of stones in common bile duct, 347
Cancer, symposium on, 406–426; and publicity, ed., 641; Gentle handling of, ed., 1022
Cancer clinic, Diagnostic, in private hospital, 424
Cancer Commission of California Medical Association, Treatment of cancer of uterine body, 412
Carcinoma, Treatment of, of esophagus, 840
Cataract, traumatic, Analysis of 500 intra-ocular steel injuries, 483; Management of complications in operations for, and glaucoma, 517
Cavernous sinus, Orbital abscess with complete recovery, 503
Cephalometry, Roentgen pelvimetry and fetal, 798
Cerebrohydrodynamics, Cerebral injuries due to external trauma, 340
Cerebrum, Cerebral injuries due to external trauma, 340
Cesarean section, Latzko, Experiences with, 238; Pregnancy following, 887
Cheeks, Repair of postoperative defects involving lips and, secondary to removal of malignant tumors, 182
Chiasms, optic, Review clinical and pathological of parahypophyseal lesions, 1, 158
Cholangiography, modified technique for X-ray visualization of bile ducts during operation, 684
Cholecystitis, with cholelithiasis, clinico-pathological study of 60 patients, 43; Obstructive, with particular reference to acute obstructive, and its sequelæ, 879
Choledochus, Diagnosis and treatment of stones in common bile duct, 347
Cholelithiasis, Cholecystitis with, clinico-pathological study of 60 patients, 43
Circulation, crossed, Note on primary shock, 605
Colles, Abraham, his outstanding contribution to surgical anatomy, 251
Colles fracture, Abraham Colles, his outstanding contribution to surgical anatomy, 251
Colon, Treatment of cancer of, 415; Peritonitis following colonic surgery, ed. 770; 20 year cures of carcinoma of, 874
Common bile duct, Diagnosis and treatment of stones in, 347
Conscience, of surgeon, 390
Contracture, Ischemic, 348
Corpus luteum, Rupture of graafian follicle and, 114
Cramps, heat, Heat and muscular work, 475
Cricopharyngeal stenosis, Hypertrophic, 621

DEATH, cause of, Unrecognized postoperative infection, cause of syndrome of so called "liver shock," 941
Dewees, William P., 123
Diagnosis, Diagnostic cancer clinic in private hospital, 424
Diet, in peptic ulcer, Treatment of peptic ulcer based on physiological principles, 257
Dilaudid, Improved anesthetic technique for general surgery, 236
Disease, Graves, Evolution of our knowledge of thyroid gland, ed. 248; von Recklinghausen's, Occurrence of different types of brain tumors in one patient, 757; Paget's (osteitis deformans) and osteoporosis similarity of the two conditions as shown by familial background and glucose tolerance studies, 815
Diverticulum, pharyngeal, Combined one stage closed method for treatment of pharyngeal diverticula, 624; urethral, in anterior urethra in male children, 634
Duct of Wirsung, Pancreatic fistula, case with intubation of, 57
Duodenum, Life expectancy in biliary-intestinal anastomosis, 50; Acid ulcer, ed. 118; Surgical indications for peptic ulcer and its surgical management, 203; Duodenal ulcer, surgical treatment, 216
Dust, Silicosis and its control, 464

EAR, Unique symptoms and effects of sphenoidal disorders, 514; Brief consideration of history of development of mastoidectomy, 523
Education, Conscience of surgeon, 390; American College of Surgeons, educational institution, tribute to Franklin H. Martin, 395; Trend of surgery, 402
Elbow, Ischemic contracture, 358

Endocrine system, Evolution of our knowledge of thyroid gland, ed. 248
Endometrium, Diagnosis of endometrial hyperplasia, 373
Enteritis, Regional (non-specific), 977
Enterostomy, Aseptic method of temporary valvular, 1006
Epididymis, Tumors of spermatic cord, and testicular tunics, review of literature and report of 41 additional cases, 712
Epiglottis, Malignancy of upper respiratory tract and adjacent structures; selection of treatment, 498
Esophagus, Hypertrophic cricopharyngeal stenosis, 621; Gastrostomy in management of gastric and esophageal carcinoma, 729; Treatment of carcinoma of, 840
Ethics, Conscience of surgeon, 390
Ethmoid, Surgical approach to nasal accessory sinuses, 524
Ewing's sarcoma (endothelial myeloma), case report with necropsy, 969
Extremities, Clinical aspects of fibrosarcoma of tissues of, 1010
Eye, Analysis of 500 intra-ocular steel injuries, 483; Surgical correction of defects due to paralysis of muscles of, and lids, 487; Iridocorneosclerectomy for glaucoma, 496; Orbital abscess with complete recovery, 503; Unique symptoms and effects of sphenoidal disorders, 514; Management of complications in the operations for cataract and glaucoma, 517; Surgical treatment of strabismus in relation to orthoptic training, 520
Eyelid, Surgical correction of defects due to paralysis of muscles of eyes and lids, 487

FACE, Reconstructions about nasal tip, 73
Fees, Conscience of surgeon, 390
Fee splitting, Hospital standardization, ed. 386
Feet, deformities of, Orthopedic considerations in treatment of spina bifida, 218
Femur, Treatment of 278 consecutive fractures of, 435; Longitudinal overgrowth of long bones with special reference to fractures, 823; Ambulatory method of treating fractures of shaft of, 865
Fender, fractures, 442

Fever, Undulant (malta), osteomyelitis and arthritis, 759
Fibrosarcoma, Clinical aspects of, of tissues of extremities, 1010
Fingers, Immediate and delayed tendon repair, 449; Amputation of, 892
First aid station, Airway and highway, 446; Application of fixed traction for transportation of patients with fractures, ed. 643
Fracture, Colles, Abraham Colles, his outstanding contribution of surgical anatomy, 251; Fundamentals versus gadgets in treatment of, 276; Causes of non-union, bone growth and regeneration, 427; Symposium on treatment of, 427–448; Status of, treatment in field of surgery, 433; treatment of 278 consecutive, of femur, 435; Fender, 442; Local anesthesia in, 444; Airway and highway first aid stations, 446; transportation of, Application of fixed traction for transportation of patients with, ed. 643; pathological, due to malignant disease, 735; Longitudinal overgrowth of long bones with special reference to, 823; Ambulatory method of treating, of shaft of femur, 865; Skeletal traction and countertraction methods, used in ordinary extension splints in treatment of, of long bones, 1000

GALL bladder, Evacuation of, in old age, 34; Cholecystitis with cholelithiasis, clinico-pathological study of 60 patients, 43; Life expectancy in biliary-intestinal anastomosis, 50; Conditions necessitating surgery following cholecystectomy, analysis of 66 cases and discussion of certain technical problems concerned in removal of, and in operations upon common bile duct, 191; Effect of viosterol in jaundice, cor. 254; Diagnosis and treatment of stones in common bile duct, 347; Effects of removal of functioning, 811; Obstructive cholecystitis, with particular reference to acute obstructive cholecystitis and its sequelæ, 879; function, Studies of, XIII. Composition of, bile and calculi in, disease, 933
Gall stones, Cholecystitis with cholelithiasis, clinico-pathological study of 60 patients, 43; Studies of gall-bladder function. XIII. Composition of gall-bladder bile and calculi in gall-bladder disease, 933
Ganglia, lumbar, Surgery in its relation to hypertension, 314
Gastrectomy, Technique of, 611
Gentle handling, of cancer, ed. 1022
Giant cell tumor, Course of single myeloma of bone, report of 20 cases, 918
Glaucoma, Iridocorneosclerectomy for, 496; Management of complications in operations for cataract and, 517
Glucose, Intravenous use of hypertonic glucose in obstetrics and gynecology, experimental and clinical study, 781
Goiter, Retro-esophageal, 616
Graafian follicle, Rupture of, and corpus luteum, 114
Graves' disease, Evolution of our knowledge of thyroid gland, ed. 248
Growth, arrest of, and overgrowth, Longitudinal overgrowth of long bones with special reference to fractures, 823
Gynecology, Intravenous use of hypertonic glucose in obstetrics and, experimental and clinical study, 781; Vaginal heat treatment of pelvic infections, ed. 898

HANDS, Immediate and delayed tendon repair, 449
Head, injuries of, Cerebral injuries due to external trauma, 340
Healing process, in tuberculous spondylitis, histopathological case study, 665
Health examinations, 5 and 10 year end-results of treatment of cancer of cervix uteri by irradiation, 764
Heart, Surgery in its relation to hypertension, 314; Clinical management of injuries to, and pericardium, report of 7 cases, 852
Heat, and muscular work, 475; Vaginal, treatment of pelvic infections, ed. 898
Hemorrhoids, Local anesthetics producing prolonged analgesia: elimination of pain after rectal operations, 590
Hernia, incisional, Conditions necessitating surgery following cholecystectomy, analysis of 66 cases and discussion of certain technical problems concerned in removal of gall bladder and in operations upon common bile duct, 191
Hip joint, dislocation of, Orthopedic considerations in treatment of spina bifida, 218
Hirsutism, Adrenal cortical tumors, 287
Holmes, Oliver Wendell, and puerperal fever, 772
Hormones, ovarian, Relation of chronic mastitis to certain, of ovary and pituitary and to coincident gynecological lesions, 129, 562
Hydrochloric acid, Influence of pepsin and, on healing of gastric defects, artificial gastric ulcer, 149
Hypertension, essential, Surgery in its relation to, 314; essential, Medical problem and management in, 332
Hyperthyroidism, associated with malignant tumors of thyroid gland, 995
Hypophysis, Review clinical and pathological of parahypophyseal lesions, 1, 158; Diagnosis of endometrial hyperplasia, 373

ILEUM, Regional enteritis (non-specific), 977
Ilium, Hyperthyroidism associated with malignant tumors of thyroid gland, 995
Immunization, Amniotic fluid concentrate as activator of peritoneal immunity, 171
Infant, Risk to, in breech delivery, 525; malformed, Reproductive efficiency before and after birth of malformed children, study of 405 consecutive families, 585
Infections, pelvic, Vaginal heat treatment of, ed. 898; Unrecognized postoperative, cause of syndrome of so called "liver shock," 941
Injuries, auto, Fender fractures, 442; steel, Analysis of 500 intra-ocular, 483
Instruments and apparatus, pelvicephalometer, Roentgen pelvimetry and fetal cephalometry, 798; Stomach feeding tube, Treatment of carcinoma of esophagus, 840; anatomic femur splint, Ambulatory method of treating fractures of shaft of femur, 865; Triumph syringe, Jejunostomy as a palliative procedure in inoperable obstructive carcinoma of stomach, 960; fracture, Skeletal traction and countertraction methods, used in ordinary extension splints in treatment of fractures of long bones, 1000; siphon suction, Method for re-expansion of collapsed lung in early or late empyema, 1003
Intestines, Life expectancy in biliary-intestinal anastomosis, 50; Treatment of peptic ulcer based on physiological principles, 257; Treatment of cancer of colon, 415; 20 year cures of carcinoma of colon, 874; Experimental study of uretero-intestinal implantation. I. Cause of peritonitis, 909; Regional enteritis (non-specific), 977; Aseptic method of temporary valvular enterostomy, 1006; Mechanism of vermiform appendix—potential "closed-loop," ed. 1020
Iodine, relationships of thyroid disease, 365
Iodine therapy, Pre-operative, in hyperthyroidism, 213
Iridocorneosclerectomy, for glaucoma, 496

JAUNDICE, Effect of viosterol in, cor. 254
Jaw, Malignancy of upper respiratory tract and adjacent structures, selection of treatment, 498
Jejunum, Surgical indications for peptic ulcer and its surgical management, 203; Treatment of peptic ulcer based on physiological principles, 257; Jejunostomy as palliative procedure in inoperable obstructive carcinoma of stomach, 960

KIDNEY, Physiological changes in ureter associated with pregnancy, 65; Adrenal cortical tumors, 287; Surgery in its relation to hypertension, 314; Medical problem and management in essential hypertension, 332; Ectopic vaginal ureter, 843
Knee, Repair of ligaments of, report of new operation for repair of anterior crucial ligament, 964
Knee joint, Regeneration of semilunar cartilage, 167

LABOR, Experiences with Latzko cesarean section, 238; Risk to infant in breech delivery, 525; Intravenous use of hypertonic glucose in obstetrics and gynecology, experimental and clinical study, 781; Roentgen pelvimetry and fetal cephalometry, 798
Landmarks in surgery, Abraham Colles, his outstanding contribution to surgical anatomy, 251; Oliver Wendell Holmes and puerperal fever, 772
Larynx, Treatment of carcinoma of, 420; Motion picture study of laryngeal lesions, 492; Cancer of, 508
Leg, Fundamentals versus gadgets in treatment of fractures, 276; Clinical aspects of fibrosarcoma of tissues of extremities, 1010
Life expectancy, in biliary-intestinal anastomosis, 50
Ligament, mesial, anterior crucial, Repair of, of knee, report of new operation, 964
Lipemia, Anesthesia and blood lipids, 677
Lips, Repair of postoperative defects involving, and cheeks secondary to removal of malignant tumors, 182; Malignancy of upper respiratory tract and adjacent structures, selection of treatment, 498
Liver, Effects of removal of the functioning gall bladder, 811
Liver shock, Unrecognized postoperative infection, cause of syndrome of so called, 941
Lung, Method for re-expansion of collapsed, in early or late empyema, 1003
Lymphogranuloma inguinale, Lymphopathia venereum, of female urethra, 745
Lymphopathia, venereum—"lymphogranuloma inguinale"—of female urethra, 745

MACACUS rhesus monkey, Effect of total hysterectomy upon ovary of, experimental study, 701
Magnesium sulphate, Improved anesthetic technique for general surgery, 236
Malignant disease, Pathological fractures due to, 735
Martin, Franklin H., tribute to, 1935 Clinical Congress, ed. 384; American College of Surgeons, educational institution, 395
